

Mercy Medical Airlift®

Dedicated To Helping Those In Need Of Air Medical Transportation *(a non-profit 501(c)(3) charity)*

MMA's mission is to ensure that no needy patient is denied access to distant specialized medical evaluation, diagnosis or treatment for lack of a means of long-distance medical air transportation; further, to ensure the provision of urgent transportation in situations of compelling human need and homeland security emergencies

Mercy Medical Airlift Missions

During 2007 programs administered by Mercy Medical Airlift facilitated missions transporting over 11,100 clients with a public benefit in excess of \$3,500,000.

The following programs are administered by Mercy Medical Airlift

National Patient Travel Center

1-800-296-1217

PatientTravel.org

Provides information about all forms of charitable, long-distance medical air transportation and provides referrals to all appropriate sources of help available in the national charitable medical air transportation network.

AngelFlightAtNIH.org

Angel Flight's corps of pilots provides flights of hope and healing by transporting patients and their escorts in private aircraft, free of charge, to medical research and treatment facilities funded by the National Institutes of Health, the nation's primary agency for conducting and supporting medical research.

Special Lift
888-675-1405

This special service provides for nationwide "single-point of contact" administration of clinical trial travel requirements in support of special/rare disease organizations and clinical research centers. Persons or organizations concerned with travel assistance arrangements for multiple patients at different time and to different places should investigate this program.

Air Charity Network (ACN) Support
757-318-9174

Mercy Medical Airlift has several support initiatives that it undertakes on behalf of and at no cost to the Air Charity Network including nationwide pilot recruitment, government liaison/program development and liaison with national disease and patient support organizations and other national charities involved in patient services. Additionally, MMA operates the www.volunteerpilot.org web site on behalf of the Air Charity Network. This web site has referred thousands of potential volunteer pilots to ACN regions.
